

List of publications Cost Action FA0807 year 2010

1. Acs Z., Ember I., Contaldo N., Nagy Z., Bertaccini A., Kölber M. 2010. Tuf-type characterization of Hungarian stolbur strains from different host species. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 2.
2. Akhtar K.P., Dickinson M., Hodgetts J., Abbas G., Asghar M.J., Shah T.M., Atta B.M., Ahmad M., Haq M.A. 2010. The phytoplasma disease 'mung bean phyllody' is now present in Pakistan. *Plant Pathology*, 59, 399.
3. Aldaghi M., Massart S., Bertaccini A., Jijakli M., Haissam M., Lepoivre P. 2010. Identification of host genes potentially implicated in the *Malus pumila* and 'Candidatus Phytoplasma mali' interactions. *Julius-Kühn-Archives*, 427, 162-166.
4. Alma A., Daffonchio D., Gonella E., Raddadi N. 2010. Microbial symbionts of Auchenorrhyncha transmitting phytoplasmas: a resource for symbiotic control of phytoplasmoses. In: *Phytoplasmas: Genomes, Plant Hosts and Vectors*. Weintraub P. and Jones P. eds., CABI Publishing, Wallingford, U. K., p. 272-292.
5. Alma A., Tedeschi R. 2010. Vettori di fitoplasmi in Italia: conoscenze, criticità e prospettive. *Petria*, 20(3), 650-663.
6. Angelini E. 2010. Le fitoplasmosi (Phytoplasma diseases of grapevine). In (Script Ed.): *L'uva da tavola*, Bayer Crop Science ed., Bologna, pp. 294-299.
7. Angelini E. 2010. Field assessment and diagnostic methods for detection of grapevine phytoplasmas. In (Del Rot S. ed.): *Methodologies and results in grapevine research*, Springer Verlag, 247-258.
8. Angelini E., Filippin L., Bellotto D., Borgo M. 2010. Field and molecular studies on grapevine tolerance to phytoplasma infection. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 73.
9. Angelini E., Filippin L., Miotti L., Forte V., Musetti R., Bellotto D., Borgo M. 2010. I fitoplasmi della vite: lotta e prospettive (Grapevine yellows: control and perspectives). Atti Convegno "Il contributo del CRA per la ricerca e l'innovazione del settore vitivinicolo", Susegana (TV), 93-94.
10. Angelini E., Forte V., Filippin L., Patriarca E., Borgo M. 2010. Nuove acquisizioni sui vettori delle fitoplasmosi della vite (New data on phytoplasma vectors of grapevine). Atti Giornate Fitopatologiche, Cervia (RA), 525-530.
11. Bagnoli B., Angelini E., Borgo M., Ferretti L., Gargani E., Pasquini G. 2010. Valutazione del rischio di diffusione di *Scaphoideus titanus* mediante il materiale di propagazione della vite (Risk of spreading *Scaphoideus titanus* by means of grapevine propagation material). Atti Convegno "Il contributo del CRA per la ricerca e l'innovazione del settore vitivinicolo", Susegana (TV), 97-98.
12. Batlle A., Torres E., Sabaté J., Bech J., Laviña A. 2010. Estudio de la susceptibilidad a los European stone fruit yellows de distintas variedades y especies de ciruelo. *Proceedings del XV Congreso de la Sociedad Española de Fitopatología*, Vitoria, Septiembre 2010.
13. Bech J., Torres E., Laviña A., Sabaté J., Batlle A. 2010. Detección de Fitoplasmas del grupo 16Sr-X, mediante PCR a tiempo real y PCR-nido. XV Congreso de la Sociedad Española de Fitopatología. Vitoria, Septiembre de 2010.
14. Belien T., Peusens G., Bangels E. 2010. Integrated management of phytoplasma diseases in pome fruit: an overview of efficacy results of IPM insecticides against pear Psylla (*Cacopsylla pyri*). *Communication Agriculture Applied Biological Sciences*, 75/2, 257-265.
15. Berniak H., Kamińska M., Obdržálek J. 2010. Identification of phytoplasmas infecting pine trees. Current status and perspectives of phytoplasma disease research and management. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 4.
16. Bertaccini A. 2010. Mycoplasmas of plants and insects. 2nd International Mycosafe Symposium, 07 - 09 April 2010, Vienna - Austria, 9-10.
17. Bertaccini A., Angelini E., Carle P., Duduk B., Filippin L., Foissac X., Martini M., Paltrinieri S., Salar P., Malembic-Maher S. 2010. Genetic diversity of Flavescence dorée and closely related phytoplasma strains of the 16SrV

taxonomic group in Europe. COST FA0807 Workshop "Phytoplasma classification", Chianciano Terme Italy, July 16, 247.

18. Bertaccini A., Contaldo N., Ardizzi S., Benni A., Bellardi M.G. 2010. Individuazione di fitoplasmi in colture di *Monarda fistulosa* L.. *Italus Hortus*, 17(suppl. 2), 125-126.
19. Bertaccini A., Contaldo N., Calari A., Paltrinieri S., Windsor H.M., Windsor D. 2010. Preliminary results of axenic growth of phytoplasmas from micropropagated infected periwinkle shoots. 18th Congress of the International Organization for Mycoplasmaology, Chianciano Terme, Italy, July 11-16, n. 147, 153.
20. Bertaccini A., Contaldo N., Paltrinieri S., Bellardi M.G. 2010. Modification of secondary metabolites production in medicinal herbs infected by phytoplasmas. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 98.
21. Bertaccini A., Kakizawa S., Paltrinieri S., Duduk B., Mitrovic J., Mejia J.F., Alvarez E., Contaldo N., Oshima K., Namba S. 2010. Molecular comparison of amp gene from several 'Candidatus Phytoplasma asteris' strains. 18th Congress of the International Organization for Mycoplasmaology, Chianciano Terme, Italy, July 11-16: n. 132, 144.
22. Bertaccini A., Paltrinieri S., Dal Molin F., Mitrović J., Duduk B. 2010. Epidemiological relevance of Flavescence dorée phytoplasma strains. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 75.
23. Bertin S., Picciau L., Ács Z., Alma A., Bosco D. 2010a. Identificazione molecolare di Cixiidi vettori, accertati e potenziali, del fitoplasma associato al legno nero della vite. *Petria*, 20(3), 728-730.
24. Bertin S., Picciau L., Acs Z., Alma A., Bosco D. 2010b. Molecular identification of the *Hyalesthes* species (Hemiptera: Cixiidae) occurring in vineyard agroecosystems. *Annals of Applied Biology*, 157, 435-445.
25. Bertin S., Picciau L., Acs Z., Alma A., Bosco D., 2010c. Molecular differentiation of four *Reptalus* species (Hemiptera: Cixiidae). *Bulletin of Entomological Research*, 100, 551-558.
26. Bertin S., Picciau L., Alma A., Bosco D. 2010. Molecular identification of *Hyalesthes* and *Reptalus* species (Hemiptera: Cixiidae) allows monitoring of vector species throughout the year. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 44.
27. Bianco P.A., Zorloni A., Parisi N., Casati P., Colombo A., Tonesi R. 2010. Prove di termoterapia su materiale di propagazione viticolo appartenente a varietà coltivate in Lombardia affette da giallumi. *Petria*, 20(3); 779-781.
28. Bisognin C., Ciccotti A.M., Salvadori A., Jarausch W., Grando S. 2010. *In vitro* screening of interspecific hybrids (*Malus* spp.) for resistance to apple proliferation. *Julius-Kühn-Archiv*, 427, 167-170.
29. Borgo M., Bazzo I., Bellotto D., Bertazzon N., Filippin L., Forte V., Stringher L, Angelini E. 2010. Incidenza dei giallumi in barbatellai e vigneti giovani. *Petria*, 20, 667-768.
30. Bosco D. 2010. Why are leafhoppers, planthoppers and psyllids vectors? IXth European Congress of Entomology, Budapest, Hungary, August 22-27, 107.
31. Bosco D., D'Amelio R. 2010. Transmission specificity and competition of multiple phytoplasmas in the insect vector. In: *Phytoplasmas: Genomes, Plant Hosts and Vectors* (P. Weintraub and P. Jones Eds). CAB International, Wallingford, UK, pp. 293-308.
32. Bosco D., Galetto L., Marzachi C. 2010. Phytoplasma transmission specificity. 18th Congress of the International Organization for Mycoplasmaology, Chianciano Terme (SI, Italy), 11th-16th July, 223, p. 198-199.
33. Bouyahia H., Rizzo D., Paltrinieri S., Della Bartola M., Braccini P., Milano C, Materazzi A., Bertaccini A. 2010. Preliminary results on distribution and diversity of grapevine yellows in Tuscany. Extended abstracts XVI Convegno Nazionale S.I.P.a.V., Firenze 14-17 Settembre. p. 46.
34. Calari A., Contaldo N., Ardizzi S., Bertaccini A. 2010. Phytoplasma detection in corn with reddening in Italy. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 5.

35. Casati P., Quaglino F., Stern A., Tedeschi R., Alma A., Bianco P.A. 2010. New SNP genetic lineages among '*Candidatus Phytoplasma mali*' populations in northern Italy. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 6.
36. Casati P., Quaglino F., Tedeschi R., Spiga F.M., Alma A., Spadone P., Bianco P.A. 2010. Identification and molecular characterisation of '*Candidatus Phytoplasma mali*' isolates in North-western Italy. *Journal of Phytopathology*, 158, 81-87.
37. Chaturvedi Y., Rao G.P., Tiwari A.K., Duduk B., Bertaccini A. 2010. Phytoplasma on ornamentals: detection, diversity and management. *Acta Phytopathologica et Entomologica Hungarica*, 45(1), 31-69.
38. Cieślińska M., Morgaś H. 2010. Occurrence and detection of some less-known viruses and phytoplasmas in stone fruit orchards in Poland. *Folia Hort.*, 22(2): 51-57.
39. Cieślińska M., Morgaś H., Rozpara E. 2010. Occurrence of phytoplasmas infecting stone fruit trees in Poland. Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 8.
40. Contaldo N., Makarova O., Paltrinieri S., Bertaccini A., Nicolaisen M. 2010a. QBOL - Identification of phytoplasmas using DNA barcodes. 18th Congress of the International Organization for Mycoplasmaology, Chianciano Terme, Italy, July 11-16, n. 23: 54.
41. Contaldo N., Makarova O., Paltrinieri S., Bertaccini A., Nicolaisen M. 2010b. Identification of phytoplasmas using DNA barcodes of selected genes. 18th Congress of the International Organization for Mycoplasmaology, Chianciano Terme, Italy, July 11-16, COST ACTION FA0807, Workshop WG1-WG4, 244.
42. Contaldo N., Paltrinieri S., Bertaccini A., Bellardi M.G. 2010. Individuazione del fitoplasma del giallume dell'astro in *Centaureum erythraea* Rafn. *Petria*, 20(3), 708-710.
43. D'Amelio R., Marzachi C., Bosco D. 2010. Activity of benzothiadiazole on chrysanthemum yellows phytoplasma ('*Candidatus Phytoplasma asteris*') infection in daisy plants. *Crop Protection*, 29(10), 1094-1099.
44. Da Rold G., Filippin L., Borgo M., Angelini E., 2010. Characterization of the imp gene in FD and related phytoplasmas. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 100.
45. Da Rold G., Filippin L., Malembic-Maher S., Forte V., Borgo M., Foissac X., Angelini E. 2010. The imp gene in flavescente dorée and related phytoplasmas from grapevine, *Clematis* sp. and alder. In: 18th Congress of the International Organization for Mycoplasmaology, Chianciano Terme (SI, Italy), 11th-16th July, p. 101.
46. Daffonchio D., Raddadi N., Crotti E., Gonella E., Tedeschi R., Negri I., Mandrioli M., Rizzi A., Alma A. 2010. Microbial symbiosis in phytoplasma vectors. Abstract of the IX European Congress of Entomology. Budapest, Hungary, 22-27 August, 108.
47. D'Amelio R., Bosco D., Marzachi C. 2010. Resistance elicitors to control phytoplasma diseases. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 80.
48. Danet J.L., Balakishiyeva G., Cimerman A., Sauvion N., Marie-Jeanne V., Labonne G., Laviña A., Batlle A., Križanac I., Škorić D., Ermacora P., Ulubaş Serçe C., Jarausch W., Foissac X. 2010. Multilocus sequence analysis reveals the genetic diversity of European fruit tree phytoplasmas and the existence of inter species recombination. *Microbiology*, 157: 438-450.
49. Danet J.L., Sémétey O., Gaudin J., Verdin E., Chaisse E., Foissac X. 2010. Lavender decline is caused by several genetic variants of the Stolbur phytoplasma in south eastern France. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 9.
50. Dickinson M. 2010. Mobile units of DNA in phytoplasma genomes. *Molecular Microbiology*, 77, 1351-1353.
51. Drobňaković T., Perić P., Marčić D., Picciau L., Alma A., Mitrović J., Duduk B., Bertaccini A. 2010. Identifying potential phytoplasma vectors in infected carrot fields in Serbia. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 49.

52. Duduk B., Contaldo N., Paltrinieri S., Mitrović J., Calari A., Bertaccini A. 2010. Multigene analysis of an aster yellows phytoplasma strain showing interoperon heterogeneity. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 12.
53. Duduk B., Tian J.B., Contaldo N., Fan X.P., Paltrinieri S., Chen Q.F., Zhao Q.F., Bertaccini A. 2010. Occurrence of phytoplasmas related to Stolbur and to '*Candidatus Phytoplasma japonicum*' in woody host plants in China. *Journal of Phytopathology*, 158(2), 100-104.
54. Fabre A., Danet J.L., Foissac X. 2010. The stolbur phytoplasma antigenic membrane protein gene STAMP is submitted to diversifying positive selection. *Gene*, 472, 37-41.
55. Falzoi S., Spanna F., Ingegno B.L., Lessio F., Pansa M.G., Tavella L., Alma A. 2010. Influenza della temperatura sulla fenologia di *Eurygaster maura* L. e di *Scaphoideus titanus* Ball. Atti del XIII Convegno Nazionale di Agrometeorologia, Bari, 8-10 giugno, pp. 39-40.
56. Filippin L., Borgo M., Angelini E. 2010. Identification of FD phytoplasma in plants of *Ailanthus altissima* in Italy. In: Current status and perspectives of phytoplasma disease research and management. A. Bertaccini, A. Lavina & A. Batlle (eds). Sitges, Spain, p. 14.
57. Foissac X., Wilson M.R. 2010. Current and possible future distributions of phytoplasma diseases and their vectors. In: Phytoplasmas – Genomes, Plant Hosts and Vectors, eds. P.G. Weintraub and P. Jones, pp 309-324. CABI, England
58. Forte V., Angelini E., Maixner M., Borgo M. 2010. Preliminary results on population dynamics and host plants of *Hyaletthes obsoletus* in North-Eastern Italy. *Vitis*, 49, 39-42.
